

Forest School Clothing Recommendations

Waterproof Jacket

If cold, this can be worn over your child's winter coat; if warmer e.g. spring, it can be worn over the school uniform.

Waterproof trousers

These go over your child's normal trousers if it is damp or raining.

If your child does not have waterproof trousers they can come in/bring an **old pair of trousers** that you don't mind them getting wet and muddy - they can change back into school trousers afterwards.

Wellies

Usually cost between £7 and £12 (if your child has Forest School in the morning, come in wellies and bring school shoes to change into; if they have Forest School in the afternoon, come in school shoes and bring wellies to change into)

Waterproof Hiking boots

A comfy alternative to wellies, but more expensive e.g. £20+

Old shoes and spare socks

If your child does not have wellies or waterproof hiking boots, an old pair of shoes/trainers and a spare pair of socks are recommended - so they can dry off when they get back.
