

EE Challenge Day - Game Station Notes - Parent/Children responses

Questions asked:

How have you used this skill today?

What ways did you develop this skill in this game?

Leading & Working in a team - Creating your own obstacle course

- Encouraged turn taking and sharing
- We encouraged and praised each other's efforts
- We tried our best
- We created a creative game, each adding ideas and playing together and we had a great time.
- I used my imagination and I helped my son to develop his imagination. We talked about sports and we played like a team.
- Used creative thinking and ideas which we shared.
- We developed this skill by taking turns to play.
- We listened to each other.
- We used team work, we shared ideas on how to create obstacles, we listened to each other and we aimed for the best.

Aiming high + Staying positive & Problem solving + Using imagination: In the library Blindfold game, story cubes, story cards, doodle game etc.

- I used my imagination, and listened to instructions.
- I used team work and listened when I was blindfolded, and used my imagination for creating stories.
- I used imagination, thinking skills, team work, listening, taking turns, encouragement and problem solving.
- I had to think about giving directions and feeling which way I was moving.
- I liked the game I wanted to come again.
- I had to work on talking and giving directions, speaking carefully, having patience when solving problems.
- I used my imagination and I helped my son to play and have a nice time.

Listening carefully & Sharing ideas: Working in pairs to create a doodle, that the other one had to finish, word games, adverb games, 'I'm thinking of a....clue games'

- I had to describe the animal.
- I had to think about giving clear instructions for my partner.
