

Maths Parent Session 2016 – Analysis of Parent Evaluations

Lesson drop-in and parent workshop

Thursday 14th January

	Like	OK	Dislike	Total number
EYFS				
KS1	25/49 = 51%			25
KS2	24/49 = 49%			24
Total	49			49

Did you enjoy the activity?

Very informative and interesting
 I enjoyed the workshop because I have got a lot of useful and helpful information
 Great to have this information passed on
 Very helpful, would be useful to do more often
 Excellent idea that will help us to teach my child at home easily
 Interactive and informative
 A really good way to show parents how the children learn
 The explanation of methods used was helpful
 A great insight into maths
 Really glad I came
 Great to see the kids in action
 The children were very involved. Excellent teacher (2G) makes it interesting
 Interesting and fast paced

What was the best bit?

Parent participation
 Useful material
 KS1 with the explanation of maths cups and showing how pupils work out equations
 Explanation on methods
 Knowing how best to teach your child mathematics according to the school/curriculum standard
 Understanding how best to teach times tables
 Participating with my child
 The workshop with Mrs Marle
 Mr Potter, a brilliant presentation, clear and very helpful and provided helpful resources. Thank you you do work hard!
 Understanding easy multiplication
 Breaking it all down to see how it works
 Division – really interesting
 Learning the method used by year 3 to work out multiplication and equations
 The times table exercise
 Head, shoulders, knees and toes exercise.
 I loved that children were playing games and learning at the same time.
 Playing roman numbers bingo!
 Understanding decimal places
 Giving the chance to every child to try the different activities

How could we have made the workshop even better?

Keep it up
 More of these sessions on a frequent basis based on year groups
 Maybe do different times for different classes as I have two children at school
 Smaller groups
 I hope you do this every year

Are there any workshops you would like us to offer during Family Week next year?

There are quite enough activities – thank you very much

ICT – what they are learning using laptops

Further information on how to make maths more logical, easily understandable yet fun

A literacy workshop

English for years 5 and 6

Places we could visit and accessible to take children so that we can help with the learning.

Every term please

English and grammar

Spanish club

A science workshop please

A workshop on helping older children with their learning would be good.

2D/3D shapes with sides, I find this hard.

Literature, reading and PE
