HAND LUGGAGE ALLOWANCES AND TAKING LIQUIDS THROUGH SECURITY

There are restrictions on the amount of liquids you can take in your hand luggage. If possible, pack liquids in your hold baggage (luggage that you check in).

Liquids include:

If you do take liquids in your hand luggage:

- **containers must hold no more than 100ml**
- **containers must be in a single, transparent, re-sealable plastic bag, which holds no more than a litre and measures approximately 20cm x 20cm**
- **contents must fit comfortably inside the bag so it can be sealed**
- **the bag must not be knotted or tied at the top**

- **you must show the bag at the airport security point**

Liquids in containers larger than 100ml generally can't go through security even if the container is only part full
