# Making Carton Bird feeders

1. Cut two rectangular holes in an old carton using scissors - ask an adult to help!

2. Carefully poke a hole under each opening using scissors.

3. Push a stick through the hole to make a perch.

4. Attach a string to the top of the carton to hang it up.

5. Fill up your bird feeder with bird seed, porridge oats, or scraps of bread

This is one of  
14 green spaces  
managed by the  
City of London at  
little cost to the  
general public.

# Make a Collage Mandala

Find some old magazines or flyers in the recycling. Choose some colours you like and cut them out into different shapes. Arrange them on the floor to make a pattern – or stick them onto paper to make a rainbow!

This is one of 14 green spaces managed by the City of London at little cost to the general public.

# Make something that floats

Use what  
you can find  
in the  
recycling to  
make a small  
boat

Cutting up an old  
milk or juice carton  
works well or rolling  
up newspaper and  
tying at both ends.

Use paper clips or string to  
bind it together – try it out in a  
sink or bath!

This is one of  
14 green spaces  
managed by the  
City of London at  
little cost to the  
general public.

# Make a Nature Mandala

This is one of  
14 green spaces  
managed by the  
City of London at  
little cost to the  
general public.

Find some fallen leaves,  
bark or petals and arrange  
them together to make a  
symmetrical pattern,  
remember not to pick  
anything growing!
