

# Year 3 Homework

Set date: Friday 23<sup>rd</sup> October

English	Science	Topic
<p><u>Reading</u> In Literacy we have all been reading different books. By now, you should have read at least one book: <i>The Magic Finger</i>, <i>The Iron Man</i>, <i>George's Marvellous Medicine</i> or <i>The Wind In the Willow</i>.</p> <p>Choose a book you have read recently. On a piece of paper, note down the following things:</p> <ul style="list-style-type: none"><li>- How does the story end?</li><li>- What happened to the characters?</li><li>- How was the problem solved?</li><li>- Did the characters change and how?</li><li>- How are they feeling at the end and why?</li></ul> <p>Using these points, write an alternative ending to the story in a short paragraph.</p>	<p>In Science this week we learnt how important it is to eat a balanced diet comprise of different food groups.</p> <p>Complete the balanced diet quiz on Discovery Education to check your knowledge on food and nutrition. Click on the link and log in:</p> <p>The energy we put into our bodies should be</p> <ul style="list-style-type: none"><li>...more than we use up.</li><li>...the same as the energy we use up.</li><li>..less than we use up.</li></ul> <p><a href="https://central.espresso.co.uk/espresso/modules/search/index.html?source=espresso-home-mixed-topnav-search#/search/balanced%20diet?sortBy=Relevance">https://central.espresso.co.uk/espresso/modules/search/index.html?source=espresso-home-mixed-topnav-search#/search/balanced%20diet?sortBy=Relevance</a></p> <p>Watch this video about processed food:</p>	<p>As part of our Geography topic, we will be looking at sustainability. We learnt that sustainability means taking care of our planet.</p> <p>For week's homework, watch this Youtube video (<a href="https://www.youtube.com/watch?v=gTamnlXbggc">https://www.youtube.com/watch?v=gTamnlXbggc</a>) and answer some questions.</p>  <p>Complete the quiz on <b>Google Classroom</b>, but if you don't have access, here are the questions as well:</p> <ul style="list-style-type: none"><li>• If I looked up the word</li></ul>

## Spelling

In Literacy we have been learning about adverbs. Many adverbs are formed by adding the suffix **-ly** at the end of an adjective, e.g. quiet – **quietly**  
When the adjective ends with **-l**, we end up with a double **l**, e.g. beautiful – **beautifully**

For our next spelling session on Friday 6<sup>th</sup> November, learn how to spell these adverbs:

1. gracefully
2. cheerfully
3. beautifully
4. carefully
5. hopefully
6. eventually
7. accidentally
8. actually

### Challenge:

Can you put some of these words in a sentence?

## Grammar: word classes

In Literacy we have been learning about different word classes. These are the word types we have learned about already:

**Nouns** – a person, a place or an object, e.g.

**a teddy**

**Adjectives** – describing the noun, e.g. **tiny**

**Verbs** – action or doing words, e.g. **run**

**Adverbs** – words showing how the action is done, e.g. **slowly**

Should we eat a lot of processed food?  
What might happen if we do?

Food that is not good for our health, like processed meat, is often called junk food. Design a poster warning people about processed food. Include the following:

- Examples of junk food
- Why is junk food bad for us
- Healthy alternatives
- A catchy message

'sustainability' in a dictionary, what might be one of the definitions (meanings) I'd find?

- The planet's resources are things like fresh water, fresh air, plants and trees. Why must we act responsibly when it comes to our earth's resources?
- What does sustainability mean when we talk about the environment?
- What question should we ask ourselves if we want to work out if something is sustainable?
- What items do we use daily that is made of plastic?
- What is one change you can make in your life to contribute to sustainability? You can name one thing you've seen in the video, or you can come up with your own.

Answer these questions using the information you learn from the video – don't just make things up!
