

CURWEN WEEKLY

Together Everyone Achieves More

Dear Parents and Carers

We would like to thank all of the families who have shared their migration stories with us. It has been fantastic for the children to be able to share, discuss and hear these and we will continue to let the children watch them. It has been a lovely personal way to celebrate Windrush Day this week, as well as Year 6 producing fantastic performances to explain the significance of this.

As you may have seen on our Tapscott social media channels, this Wednesday Curwen welcomed the Minister for Sport and an Olympic silver medalist to school to celebrate the lead up to this year's games in Tokyo. They were able to see how amazing our children are at Curwen and meet our fantastic PE team. Some children in Reception and Year 5 got to take part in sporting activities and received some special goodies. Well done to everyone who took part!

As we sent out last week, please remember that the deadline for all applications to obtain settled status is 30th June 2021. Please keep in mind that a decision does not need to be made by that date but an application must be submitted. For support, contact Newham:

EUSS Bilingual Helpline: 0808 196 3510

EUSS Support Email: staysettledinnewham@gmail.com / www.renewalprogramme.org.uk

As you have seen, we will be celebrating Maths Week next week and inviting the children to dress up in anything to do with numbers next Friday. We love seeing home-made outfits, so please don't spend lots of money on this!

We wish you a very lovely weekend.
Mrs Mansfield and Mr Harris

Maths Week London

From Monday 28th June- Friday 2nd July, Curwen will be taking part in Maths Week London. Maths Week London's mission is to ignite a love of maths in children across the capital. Numeracy is a vital skill and we believe it can and should be enjoyable, relatable and accessible. Working with schools and families, the aim of Maths Week London is to: improve children's confidence in mathematics, demonstrate to children the value of maths as a lifelong skill by linking it to the wider world, encourage all children to develop their maths skills and have a positive attitude.

We will begin the week by introducing an activity to each phase in which the children will have the opportunity to use their creativity skills to design a specific maths game or presentation. Please save and bring in any unwanted recyclable materials from home so these can be used too. These will be judged and one winner per year group will be chosen and announced on Thursday 1st July 2021.

Finally, we will be ending the week with the NSPCC Number Day. NSPCC Number Day is a maths-inspired fundraising event where schools across the UK raise money for the NSPCC. Children are encouraged to wear an item of clothing linked to Maths. We are **not** asking for a contribution for this, however if you would like to donate some money to the NSPCC please see their website

<https://www.nspcc.org.uk/support-us/ways-to-give/donate/>.

We encourage children to be as creative as possible!

Contact Details

If you have changed any of your contact details you must inform the office as soon as possible so your child's details can be updated.

Please note that it is vital for us to have your child's/your details in case of any emergencies.

Issue 35

25th June 2021 to 2nd July 2021

Dinner Week Menu: 1

TTLT Trekkers

Last weekend, the TTLT Trekkers completed the Lake District Might Hike 2021, hiking 26 miles around Ullswater. In aid of Macmillan Cancer Support, we have raised £2846 so far. We want to say a huge THANK YOU to everyone that supported us, through sponsorship and good wishes. We could not have done it without your help! Thank you all so much.

Street Tag

Launched on 10 May 2021, Street Tag is a FREE fun, family-friendly game that enables players to collect points by using their smartphones to scan virtual tags. The tags can be found in various locations across the borough including parks and open spaces, libraries, community and leisure centres etc. The app will log any activity completed by participants, and it will show on a range of competitive community and school leader boards.

Steps to join your School Team - Download the App "Street Tag" from Play Store/ App Store—Click on Sign up—Fill in your details—Click yes for Team QR CodeScan the school QR Code—Click Sign Up—Verify either by email or phone number—Fill in the Questionnaire—

You are ready to go!

Virtual Treasure Hunt

Well done to everyone who took part in the Virtual treasure hunt this year. We are so happy to have received your entries and see all the ways you participated as a family. A very big well done to our certificate winners who completed 10 tasks with their families and handed in their entries.

Congratulations Winners
