A dark blue diagonal graphic that starts from the bottom left corner and extends towards the top right corner, creating a triangular shape on the right side of the slide.

What is equality?

Equality is about **making sure that everyone has an equal opportunities to make the most of their lives and talents.**

- Everyone should be accepted and celebrated for who they are
- Everyone deserves the support they need to succeed
- No one should have poorer life chances because of the way they were born, where they come from, what they believe, or whether they have a disability.

What does equality look like?

UN Convention Rights of a Child

2 YOU HAVE THESE RIGHTS ⁴ whatever your race or skin colour, whether you are a boy or a girl, whatever language you speak, whatever your religion, political beliefs, nationality or ethnic group, whether you are rich or poor, and whether you are disabled.

22 IF YOU HAD TO LEAVE YOUR COUNTRY BECAUSE YOU WERE NOT SAFE, in your new country you have the right to be protected. You should have the same rights as other all children in your new country.

23 IF YOU HAVE A MENTAL OR PHYSICAL DISABILITY, you should get the education, care and support you need to lead a full and independent life to the best of your ability, and to participate in your community.

28 YOU HAVE THE RIGHT TO EDUCATION.

Primary education should be required for all children and should be available free. Secondary education should be available to all children. School discipline should respect your dignity and your rights.

30 YOU HAVE THE RIGHT TO ENJOY YOUR CULTURE, to practise your religion and to speak your language, whether or not these are shared by the majority of people in your country.

14 YOU HAVE THE RIGHT TO THINK FOR YOURSELF, to choose what you believe and to practise your religion, provided this does not stop other people enjoying their rights. Your parents should support and guide you in these matters.
