

Together Everyone Achieves More

Dear Parents and Carers,

We can't believe that we have come to the end of another half term already! Time certainly flies by, and we've had another busy week at Curwen. It has been lovely to see so many children out on educational visits to bring their learning to life, and we extend thanks once again to the parents and carers who have accompanied these. Without your support we would not be able to run these visits.

We hope that the children have enjoyed the Jubilee party lunch that we had today, as well as the opportunity to dress up. We hope that you manage to enjoy many of the community events that are going on to celebrate the Jubilee next week. This week we also celebrated our annual 'Curwen Awards' with children, staff and providers that work with the school, nominated for awards by our staff. We hope that all those that attended enjoyed an uplifting evening.

This week we are so proud of our children that reached the final of the London Mayor's 'Count on Us' challenge. They competed against other schools from the capital and really did us proud! Big thanks also goes to Ms Adjekum for all the support she gave them. Huge congratulations also go to our SEND children that took part in our Ten Pin Bowling tournament this week. We are delighted that they won which was fantastic news!

We hope that you all have an enjoyable and relaxing half term. Hopefully the weather will be nice and the children will be able to get outside and get some air. If they are at home on mobile phones, tablets or consoles then please do monitor what they are accessing. Check out our weekly 'Wake Up Wednesday' information to help you to keep up with some of the potential dangers associated with certain platforms. Working together we can make sure the online world is a safe and happy place for our children.

Have a lovely break!

Mr Harris and Mrs Mansfield

EAL Zoo trip

On Tuesday, a group of 20 children with English as an Additional Language visited London Zoo. For most, it was the first time that they were close to wild animals.

Once at the zoo, the children particularly enjoyed watching the tigers, the penguins and the insects. They asked questions about the animals' habitats, what food they ate, how did they come to the zoo or if they could go out. Both children and adults were amazed with the camouflage skills of the stick insects and the leaf insects and a little frightened to walk among spiders, but they soon realised that they were harmless. Everyone was astounded at the penguins who swam close to the glass where we stood. It was a lovely trip and a great experience for children who had not seen so many different animal species before. They have surely learnt much about animals and nature, created memories and had a great time in a group where everyone shared the same curiosity and enthusiasm.

Count on Us Maths Challenge

This week, we had Anushka, August and Riban, in year 4, represent Curwen in the first round of the annual Mayor's Fund for London Count on Us Maths Challenge. They worked extremely hard to prepare for the competition and showed outstanding communication and teamwork skills during the challenge. As a result, they were successful and managed to beat 10 schools and make it to the final round. Well done to you all!

ATTENTION ALL DRIVERS

Please can we request that if you are using a car/vehicle to drop your children at school, that you consider the speed at which you are driving. We have recently had several parents and local residents share their concerns about vehicles belonging to parents/carers driving at speed in the streets surrounding Curwen.

The streets around Curwen are narrow with lots of young children and families trying to cross at several points and, if dangerous driving continues it is only a matter of time before a serious accident or even a fatality occurs. Many of our pupils walk to/from school alone without an adult and cars driving at speed puts them and other pedestrians in danger.

For her resilience when going on trips

Reminders for the Week

Upcoming Trips:

- Forest School for 4K & 3G on 8th June
- Chessington for SEND children on 9th June

Other reminders:

- As we are getting closer to summer, and it is becoming sunnier, please make sure to give your children sun screen on the especially sunny days.
