

# CURWEN WEEKLY

Together Everyone Achieves More

Dear Parents and Carers

We are at the end of another FANTASTIC International Family Week. We hope that the children have had as much fun and excitement as the staff. We have been overwhelmed by the talents the children have showcased: reciting songs and poems in different languages; sharing their culture; taking part in the fashion show; learning about other countries and sharing their learning with others; dancing like superstars!

Thank you so much to everyone that has been in to share different events with us throughout the week. We also really appreciate you getting involved with song choices and being part of the fashion show and food competition on Monday. The food competition and Mini World winners are all in our newsletter this week. As this is written, we have not yet had the Carnival but I am sure that it will be even bigger and better than ever before. We want to take this opportunity to thank all of the staff for their hard work leading up to this week. The teaching has been going on for weeks, and teachers and our fantastic PE team ensure that everything ties in with the curriculum so there is lots of learning that goes on. We are so lucky to have such a wonderful TEAM of staff, parents and children.

We would also like to thank you all for your donations for Red Nose Day. We raised a very impressive £387.07. Thank you so much for your generosity.

This weekend, Ramadan will be coming to an end and many of our families will be celebrating Eid. If your child/ren are off on Monday then please report their absence on **Monday by 9am**, so that we can authorise the absence. Any absences reported after 9am may not be authorised. We would like to wish you Eid Mubarak and hope you have a fantastic time celebrating.

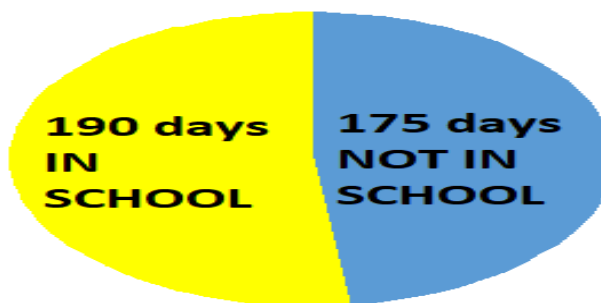

Have a lovely weekend

Mr Harris and Mrs Mansfield

**BEST WEEKLY ATTENDANCE**  
**6W — 100% attendance!**

365 DAYS

**EVERY DAY MATTERS**  
We expect children to be in school 96% of the time

WELL DONE!

Your child should receive a science homework competition brief all about food production.

Children have quite a few weeks to complete an excellent piece of work that could go on display and may even win a certificate or prize.

There is lots of information on the brief to help with ideas and planning.

There are also opportunities for discussions with your children about where food comes from and the processes involved in getting it from farms to the table ready to eat.

This is an extremely important topic as sustainable food production is vital to human existence and a way for children to understand the importance of science and science careers. Please enjoy helping them to find out all about it.

## RED NOSE DAY

On 21st March, 2025, Student Council members organized and executed a fundraising activity for Comic Relief. Working in pairs, they applied red noses to students across Key Stage 1 and 2, demonstrating effective teamwork and contributing to the school's charitable efforts.
