Together Everyone Achieves More
Issue 25

Dear Parents and Carers

This week we say a sad farewell to the chicks! They have been very welcome additions to life at Curwen, and the children (and staff!) have enjoyed fluffy cuddles. We hope that it has also helped the children with their understanding and enjoyment of the Science curriculum. We really think hands-on and memorable experiences help make learning more enjoyable.

We would like to thank all of our parents and carers that came along this week for our PSHE consultations. It was so wonderful to hear all of your views, ideas and opinions and we will be feeding the feedback into our final curriculum. We will also share the results of the consultations on the Curwen website. If you weren't able to come along, please be reassured that we will continue to share our curriculum at our yearly Welcome Meetings at the start of autumn term.

I know that we say this a lot, but with the weather (hopefully!) warming up, PLEASE ensure that children have their names in coats and jumpers. When they are playing in the playground they often get warm, and as a result we end up with lots and lots of lost clothes. We really do understand how to expensive things are, and we don't want you to have to replace things unnecessarily!

Please be reminded that Curwen will be closed on Thursday 7th May as we are a polling station. We apologise for any inconvenience this may cause. There will be school as usual on Friday 8th May.

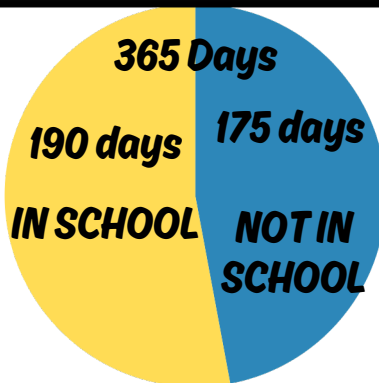

Have a lovely weekend.

CURWEN PRIMARY SCHOOL

"Together Everyone Achieves More"

Chick Magic at Curwen Primary School

Curwen has welcomed a delightful group of soft and cuddly chicks that hatched from eggs, and they are now thriving and joyful.

This experience has sparked the curiosity of our pupils. They have gained valuable insights across various subjects in the curriculum, including science, literacy, mathematics, and art and design technology. The pupils eagerly asked questions about the lifecycle, held and stroked the chicks, and observed the incredible moment of hatching from the eggs.

Year 4 teachers have integrated this unique experience into their science lessons, creating projects where pupils design chicken coops for the chicks using recycled materials.

Prospective families are welcome to arrange visits at any time.
